Dear Al or Henry,

about the Wehrman mission and Zeiger I'll write a separate report now only as follows: with the G.mission my reputation at the Vatican can immensly grow, but it could completely decline if / in Berlin would not be properly very carefully handled.

I asked you for a travelorders for Innsbruck because after my returnal from Frankfurt I have to go for one day to Innsbruck. Please let it make out for Zs.A. civilian. Here our ass.adjutant tells me that 42nd division does not want to make out for "civilian", they want to specify. So they tried to make me out a T.O. as Austria civilian. These good boys can not understand that I dont want to anticipate US citizenship, nor take advantage from not being a Hungarian or Austrian civilian. But I like the obvious in this job.

Attached my Vienna permit. At the last moment I noticed it that instead of "civilian" (as rank and grade) someone wrote "Foreign national" which is not a grade or rank. I did not

use this permit coming out from Vienna, but the one which expires at the 15th. I dont think so it would make any difficulty tox correct the permit. Is nt it undersandable that I do not want to be asked by any french or Russian guards or an body because of the not complete paperwork, which is very important here. Isnt it sufficient when responsable US Authorities know who I am, why should I call the curiosity of foreign control organs on my person? Is that necessary for an "agent"?

Poor old Martin caint sweat out the time for waiting for his orders. He is waiting and now ping every minute.

Thnaks, and

sincerely
